Project Description

The Applicant proposes a minor modification to the Conditional Use Permits (CUPs), which would also allow the construction and operation of Concentrated Photovoltaic (CPV) technology solar panels within the CSF1(A) and CSF1(B) project sites. The alternative CPV panels would have a maximum height of 30 feet, as compared to the previously-approved PV panels, which are approximately 15 feet in height. The minor modification is proposed pursuant to CUP General Condition G-14 (Minor Amendments).
