Project Title: Dogwood Road Bridge Replacement Project | IS17-0005

Project Applicant: imperial County Department of Public Works

Project Location (include county): Between Dogwood Road and Willoughby Road over Central Main Canal

**Project Description:**

The County proposes to replace the existing bridge crossing (No. 58C-0042) over the Central Main Canal with a new structure with the bridge deck elevation raised approximately two feet above the current elevation. The original bridge freeboard (clearance) above the canal has now been almost completely eliminated due to local land subsidence and floating debris, which now collects on the canal water surface upstream (west) of the bridge, and causes the flow beneath the bridge to be restricted. For this reason, the existing bridge needs to be replaced with a new structure with freeboard to an acceptable level.

1. The project [ will  will not] have a significant effect on the environment.
2.  An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.  
 A Mitigated Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [ were  were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [ was  was not] adopted for this project.
5. A statement of Overriding Considerations [ was  was not] adopted for this project.
6. Findings [ were  were not] made pursuant to the provisions of CEQA.

This is to certify that the Mitigated Negative Declaration with comments, responses and record of project approval is available to the General Public at:

Planning & Development Services Department, 801 Main Street, El Centro, CA 92243
