COMMERCIAL CANNABIS ACTIVITY LICENSE APPLICATION

Official Use Only:

Application Number: _____

LEGAL DISCLAIMER

Although the State of California has legalized medical or recreational marijuana use, you are still committing a Federal crime by possessing, buying, cultivating, distributing or selling marijuana.

Despite the liberalization of State laws across the country, Federal laws still treats marijuana as a controlled substance.

Federal Law has declared the use, possession, cultivation, sale or distribution of marijuana illegal. Current Federal drug laws are contained in the Controlled Substances Act (CSA). The CSA classifies and regulates illegal drugs, and places listed drugs on a schedule according to their medicinal value and potential for abuse. Under the CSA, marijuana is a Schedule I controlled substance. This designation is reserved for drugs that have a high potential for abuse, lack any medical value and can't be safely prescribed. Anyone growing, marketing or distributing marijuana is likely violating multiple federal laws.

While each state has its own marijuana laws, they cannot overturn or preempt Federal law.

By signing below, you are acknowledging that you have read the above and understand the Federal legality of marijuana.
