## ***YOUR INPUT MATTERS!***

*You are invited to a public workshop regarding planning around NAF El Centro.*

*Second public meeting  
(November 18, 2013)*

Imperial County, in association with the cities of El Centro and Imperial and NAF El Centro, is preparing a Joint Land Use Study (JLUS) to assess land use impacts and address compatibility planning around Naval Air Facility (NAF) El Centro and its ranges.

You are invited to attend the third public workshop to learn more about the JLUS planning process. At this workshop, we will present the military compatibility areas developed through the JLUS process, JLUS Report and Strategies, and provide the public an opportunity to share their ideas about workable solutions that could address the NAF El Centro JLUS issues.

You are encouraged to join us at this workshop to learn more about the progress of this planning process and provide your input on the JLUS Report and Strategies.
