ABOUT US

Imperial Valley Transit is a fixed route public bus service. IVT was created in 1989 and began operations as a 5 route system with 3 buses running Monday through Friday. The passenger ridership averaged approximately 3,000 passengers a month. Today, the service has 12 routes and over 20 buses in operation. The passenger ridership averages approximately 55,000 passengers a month.

Remote zone route operate once a week. These routes are "lifeline" in nature in that they provide connections from some of the more distant communities in the Imperial County area.

The transit service is operated as a turnkey operation by First Transit, Inc. The service is administrated and funded by the Imperial County Transportation Commission (ICTC). The Commission members represent each City, the County and the Imperial Irrigation District. Funding is provided annually through the Commission adonted Overall Work
