## REQUESTED ACTION:

IT IS RECOMMENDED THAT YOU CONDUCT A PUBLIC HEARING AND HEAR ALL THE OPPONENTS AND PROPONENTS OF THE PROPOSED PROJECT. STAFF WOULD THEN RECOMMEND THAT THE PLANNING COMMISSION APPROVE TIME EXTENSION #25-0011 FOR CONDITIONAL USE PERMIT #99-0022 BY TAKING THE FOLLOWING ACTIONS:

1. FIND THAT THE PROJECT IS CATEGORICALLY EXEMPT FROM CEQA UNDER GOVERNMENT CODE SECTION 15301 AND THAT NO FURTHER ENVIRONMENTAL DOCUMENTATION IS NECESSARY; AND,
2. FIND THAT TIME EXTENSION #25-0011 FOR CONDITIONAL USE PERMIT #99-0022 IS CONSISTENT WITH APPLICABLE ZONING AND BUILDING ORDINANCES; AND,
3. APPROVE TIME EXTENSION #25-0011 FOR CONDITIONAL USE PERMIT #99-0022 FOR A NEW 15-YEAR TERM, SUBJECT TO THE EXISTING CONDITIONS.

**STAFF REPORT**  
**Planning Commission Meeting**  
**April 23, 2025**

**Project Name:**      **Time Extension #25-0011 for Conditional Use Permit #99-0022**

**Applicant:**            **Lumen Technologies**  
**12672 Limonite Ave, Suite 3E-742,**  
**Eastvale, CA 92880**

**Project Location:**

The existing unmanned fiber optic facility is located at 672 Sidewinder Road, Winterhaven, CA 92283, on a 16.69 acre lot, further identified as POR W2 OF SW4 SEC 22 16-21 16.69 AC S OF RR & N & E OF FRWY, of the San Bernardino Base and Meridian (S.B.B.M.) with Assessor's Parcel Number 056-460-042-000 located in the unincorporated area of the County of Imperial (Winterhaven), State of California (Supervisory District #5).

The proposed project site is zoned C-2 (Medium Commercial) and is surrounded by parcels zoned as S-2 (Open Space Preservation) on the north and east, and as C-2 (Medium Commercial) towards south and west.

**Project Summary:**

The applicant submitted a time extension request for a new (15) fifteen-year term for a previously approved Conditional Use Permit (CUP) #99-0022 for an existing unmanned fiber optic regeneration facility, located at 672 Sidewinder Road, California; property identified under Assessor's Parcel Number (APN) 056-460-042-000.

Should the time extension be approved, Conditional Use Permit #99-0022 will be valid for three (3) years and will subsequently require time extension requests every three (3) years until March 8, 2030, when a new (15) fifteen-year term will be required. After a thorough review of the project file, and compliance report, it can be determined that CUP #99-0022 complies with the CUP's conditions of approval and applicable County Land Use regulations.

**Project Background:**

- CUP #99-0022 was approved by the Imperial County Planning Commission on February 9, 2000, for a (15) fifteen-year term.
- CUP #99-0022 was recorded on March 8, 2000.
- First Time Extension from March 8, 2003, to March 8, 2006.
- Second Time Extension from March 8, 2006, to March 8, 2009.
- Third Time Extension from March 8, 2009, to March 8, 2012.

- Fourth Time Extension from March 8, 2012, to March 8, 2015.
- New 15-year term request from March 8, 2015, to March 8, 2030.
- On February 19, 2025, ICPDS received from Lumen Technologies a Time Extension request and a compliance report for a new (15) fifteen-year term for Conditional Use Permit (CUP #99-0022).

**Land Use Analysis:**

Per Imperial County’s General Plan, the land use designation for this project is Recreation/Open Space and is zoned as C-2 (Medium Commercial) per Zoning Map #70 of the Imperial County Title 9 Land Use Ordinance. Per County’s Land Use Ordinance (Title 9), Division 5, Section 90513.02, Subsection (n), unmanned fiber optic hut facility is allowed in a C-2 (Medium Commercial) zone through an approved Conditional Use Permit (CUP). The proposed project is consistent with the County’s General Plan, County’s Land Use Ordinances (Title 9).

**Surrounding Land Uses, Zoning and General Plan Designations:**

<b>DIRECTION</b>	<b>CURRENT LAND</b>	<b>ZONING</b>	<b>GENERAL PLAN</b>
<b>Project Site</b>	Lumen Fiber Hut Facilities	C-2 (Medium Commercial)	Recreation
<b>North</b>	Vacant	S-2 (Open Space Preservation)	Recreation
<b>South</b>	Vacant	C-2 (Medium Commercial)	Recreation
<b>East</b>	Vacant	S-2 (Open Space Preservation)	Recreation

**Environmental Determination:**

Time Extension #25-0011 is categorically exempt from CEQA pursuant to Section 15301 of the CEQA Guidelines (Class 1 – Existing Facility).

**Staff Recommendation:**

Staff recommends that the Planning Commission conducts a public hearing and hear all the opponents and proponents of the proposed project, and then take the following actions:

1. Find that the project is categorically exempt from CEQA under Government Code Section 15301 and that no further environmental documentation is necessary; and,
2. Find that Time Extension #25-0011 for Conditional Use Permit #99-0022 is consistent with applicable zoning and building ordinances; and
3. Approve Time Extension #25-0011 for Conditional Use Permit #99-0022 for a new 15-year term, subject to the existing conditions.

## RESOLUTION NO.

**A RESOLUTION OF THE PLANNING COMMISSION OF THE COUNTY OF IMPERIAL, CALIFORNIA, APPROVING “TIME EXTENSION #25-0011” FOR A NEW (15-YEAR) TERM UNDER “CONDITIONAL USE PERMIT #99-0022” FOR LUMEN TECHNOLOGIES.**

**WHEREAS**, Lume Technologies has submitted Time Extension #25-0011 requesting a new 15-year term for the previously approved Conditional Use Permit (CUP) #99-0022 for an existing unmanned fiber optic facility, located at 672 Sidewinder Road, Winterhaven, California; property identified under Assessor’s Parcel Number (APN) 056-460-042-000; and,

**WHEREAS**, this existing unmanned fiber optic facility, was previously approved under Conditional Use Permit #99-0022; and,

**WHEREAS**, the project is categorically exempt in accordance with section 15301 of the requirements of the California Environmental Quality Act, the State Guidelines, and the County’s “Rules and Regulations to Implement CEQA as Amended”; and,

**WHEREAS**, the Planning Commission of the County of Imperial has been delegated with the responsibility of CEQA determinations, and adoptions and certifications of CEQA documents; and,

**WHEREAS**, public notice of said request has been given, and the Planning Commission has considered evidence presented by the Imperial County Planning & Development Services Department and other interested parties at a public hearing held with respect to this item on April 23, 2025; and,

**NOW, THEREFORE**, the Planning Commission of the County of Imperial **DOES HEREBY RESOLVE** as follows:

**SECTION 1.** The Planning Commission has considered the proposed Time Extension #25-0011 request for Conditional Use Permit #99-0022 prior to approval. The Planning Commission finds and determines that the Time Extension for Conditional Use Permit #99-0022 is adequate and prepared in accordance with the requirements of the Imperial County General Plan, Land Use Ordinance and the California Environmental Quality Act (CEQA), which analyses environmental effects, based upon the following findings and determinations.

**SECTION 2.** That in accordance with State Planning and Zoning law and the County of Imperial regulations, the following findings for approving Time Extension #25-0011 have been made as follows:

**A. The proposed use is consistent with the goals and policies of the adopted County General Plan.**

The General Plan designates the subject site as "Recreation/Open Space". This site is zoned C-2 (Medium Commercial) per Zoning Map #70 of the Imperial County Title 9 Land Use Ordinance. The Time Extension request is found consistent with the previously approved Conditional Use Permit #99-0022 and with the goals and policies of the General Plan.

**B. The proposed use is consistent with the purpose of the zone or sub-zone within which the use will be used.**

The Project is consistent with the purpose of the zone it is located within. The existing use is consistent with a Conditional Use Permit pursuant to Title 9, Division 5, Section 90513.02, subsection (n), which authorizes unmanned fiber optic facility only through a Conditional Use Permit when approved by the County.

**C. The proposed use is listed as a use within the zone or sub-zone or is found to be similar to a listed or similar conditional use according to the procedures of Section 90203.00.**

The existing Fiber Hut Facilities are consistent with the definition of Land Use Ordinance, Section 90513.02, subsection (n). All wireless communication facilities and all wired or fiber regeneration facilities other than those designated as exempt under Section 92401.03 require a conditional use permit (CUP).

**D. The proposed use meets the minimum requirements of this Title applicable to the use and complies with all applicable laws, ordinances and regulations of the County of Imperial and the State of California.**

The existing unmanned fiber optic facility complies with the minimum requirements of this Title and with the applicable laws by obtaining a CUP pursuant to Title 9, Division 5, Section 90513.02, subsection (n), which authorizes an unmanned fiber optic facility only through a Conditional Use Permit when approved by the County. The existing Conditions of Approval will further ensure that the project complies with all applicable regulations of the County of Imperial and the State of California. Additionally, pursuant to CUP #99-0022, General Condition 08 (Time Limit), this project shall be limited to a maximum of three (3) years from the date of recordation of the CUP. The CUP may be extended for successive three (3) year periods by the Planning Director upon finding by the Planning Department that the project is

in full and complete compliance with all conditions of the CUP and any applicable land use regulation(s) and extension fees of the County of Imperial. Unless specified otherwise herein no conditional use permit shall be extended for more than four consecutive periods. If an extension is necessary or requested beyond fifteen years, Permittee shall file a written request with the Planning Director for a hearing before the Planning Commission. Such request shall include the appropriate extension fee. An extension shall not be granted if the project is in violation of any one or all of the conditions or if there is a history of non-compliance with the project conditions. Therefore, the existing Conditional Use Permit (CUP #99-0022) meets the minimum requirements of the Land Use Ordinance of Imperial County.

**E. The proposed use will not be detrimental to the health, safety, and welfare of the public or to the property and residents in the vicinity.**

The existing unmanned fiber optic facility will operate as established on previously approved Conditional Use Permit #99-0022. This use will not be detrimental to the health, safety, and welfare of the public or to the property and residents in the vicinity.

**F. The proposed use does not violate any other law or ordinance.**

The project consists of the request for a new fifteen (15) year term for the existing Conditional Use Permit (CUP #99-0022) which is currently subjected to Federal, State, and Local regulations and will not violate any laws or ordinances.

**G. The proposed use is not granting a special privilege.**

The existing unmanned Fiber Hut facility complies with the minimum requirements of this Title and with the applicable laws by obtaining a CUP pursuant to Title 9, Division 5, Section 90513.02, subsection (n), which authorizes an unmanned fiber optic hut facility is allowed in a C-2 (Medium Commercial) only through a Conditional Use Permit when approved by the County. The existing Conditions of Approval will further ensure that the project complies with all applicable regulations of the County of Imperial and the State of California. Additionally, pursuant to CUP #99-0022, General Condition G8 (Time Limit), this project shall be limited to a maximum of three (3) years from the date of recordation of the CUP. The CUP may be extended for successive three (3) year periods by the Planning Director upon finding by the Planning Department that the project is in full and complete compliance with all conditions of the CUP and any applicable land use regulation(s) and extension fees of the County of Imperial. Unless specified otherwise herein no conditional use permit shall be extended for more than four

consecutive periods. If an extension is necessary or requested beyond fifteen years, Permittee shall file a written request with the Planning Director for a hearing before the Planning Commission. Such request shall include the appropriate extension fee. An extension shall not be granted if the project is in violation of any one or all of the conditions or if there is a history of non-compliance with the project conditions; therefore, the proposed time extension (EXT #25-0011) for Conditional Use Permit (CUP #99-0022) will not grant a special privilege.

**NOW, THEREFORE**, based on the above findings, the Imperial County Planning Commission **DOES HEREBY APPROVE** Time Extension #25-0011 for a new 15-year term under Conditional Use Permit #99-0022, subject to the existing Conditions of Approval.

(Sidewinder Road Area)

This Agreement is made and entered into on this 9th day of February, 2000, by and between Williams Communication Group, Inc., (hereinafter referred to as "Permittee"), and the COUNTY OF IMPERIAL, a political subdivision of the State of California, (hereinafter referred to as "COUNTY").

**RECITALS**

**WHEREAS**, Permittee is the owner, and/or operator and/or successor in interest in certain land in Imperial County known as the; "that portion the NW 1/2 of the SW 1/4 of Section 22, T 16 S, R 21 E, SBBM, and as on file in the office of the County Recorder of Imperial County", and;

**WHEREAS**, Permittee has applied to the County for permission to construct and operate a Fiver Optic Regeneration site, upon the above site, which is also referred to as "APN 056-460-42-01", and;

**WHEREAS**, Permittee has requested a permit construct and operate a Fiber Optic Regeneration facility, including therewith the necessary security fencing, control structure, and;

**WHEREAS**, Permittee will not operate any type of use other than specified herein and within the application, and;

**WHEREAS**, Permittee intends to operate the Regeneration Facility for its own use, Permittee may at some future date desire to allow another "compatible" use

communication, or electronic transmission operator (hereinafter referred to as a "subsidiary user", to use the same facility, thereby minimizing the number of such facility location required within the confines of the County, and;

**WHEREAS**, County, after a review of the project, after a noticed public hearing before the Environmental Evaluation Committee, after a noticed public hearing before the Planning Commission, agreed to issue Conditional Use Permit # 99-0022 to Permittee, and/or his or her successor in interest subject to all of the following conditions:

**NOW THEREFORE** the County issued the CUP (# 99-0022) subject to all of the following conditions.

---

**GENERAL CONDITIONS:**

*The "GENERAL CONDITIONS" are shown by the letter "G". These conditions are conditions that are either routinely and commonly included in all Conditional Use permits as "standardized" conditions and/or are conditions that the Imperial County Planning Commission has established as a requirement on all CUP's for consistent application and enforcement. The Permittee is advised that the General Conditions are as applicable as the SITE SPECIFIC conditions!*

**G1 COSTS:**

Permittee shall pay any and all amounts as determined by the County to defray all costs for the review of reports, field inspections, enforcement, monitoring, or other activities related to compliance with this permit, County Ordinances, and/or other laws that apply. Any billing against this project, now or in the future, by the Planning/Building Department or any County Department for costs incurred as a result of this permit, shall be billed through the Planning/Building Department.

**G2 AUDIT OF BILLS**

Permittee shall have the right to have any bill audited for clarification or correction. In the event Permittee request an audit or an explanation of any bill, it shall be in writing to the Planning/Building Department. Permittee shall bring the account current including any amount due under a "disputed" billing statement, before any audit is performed. If the amount disputed is the result of a Department other than the Planning/Building Department, the explanation or audit shall be performed by said Department and a report provided to both the Permittee and the Planning/Building Dept..

**G3 PERMITS/LICENSES:**

The Permittee shall obtain any and all local, state, and/or federal permits, licenses, contracts, and/or other approvals for the construction and/or operation of this project. This shall include, but not be limited to Health, Building, Sanitation, APCD, Public Works, Sheriff, Regional Water Quality Control Board, Offices of Emergency Services, Division of Mines and Geology, etc. Permittee shall like-wise comply with all such permit requirements for the life of the project. Additionally, Permittee shall submit a copy of any such additional permit, license and/or approval to the Planning Department within 30 days of receipt.

**G4 RECORDATION:**

This CUP (permit) shall **not be effective** until it is recorded at the Imperial County Recorders Office, and payment of the recordation fee shall be the responsibility of the Permittee. If the Permittee fails to pay the recordation fee within six (6) months from the date of approval, and/or this permit is not recorded within 180 days from the date of approval, this permit shall be deemed null and void, without notice having to be provided to Permittee. Permittee may request a written extension by filing such a request with the Planning Director at least 30 days prior to the original 180 day expiration. The Director may approve an extension for a period not to exceed 180 days. An extension shall not be granted if the request for an extension is filed after the expiration date.

**G5 COMPLIANCE/REVOCATION:**

*Upon the determination by the Planning/Building Department, (if necessary upon consultation with other Departments or Agency(ies)) that the project is or may not be in full compliance with any one or all of the conditions of this Conditional Use Permit, or upon the finding that the project is creating a nuisance as defined by law, the PERMIT and the noted violation(s) shall be brought immediately to the attention of the appropriate enforcement agency or to the Planning Commission for hearing to consider appropriate response including but not limited to the revocation of the CUP or to consider possible amendments to the CUP. The hearing before the Planning Commission shall be held upon due notice having been provided to the Permittee and to the public in accordance with established ordinance/policy. In the event the action by the County is necessitated by the actions or lack thereof of a subsidiary user of the tower, all action by the County shall be taken against the permittee as if the permittee had or was causing the violation. The County shall not be obligated to deal with any subsidiary user of the facility.*

**G6 PROVISION TO RUN WITH LAND:**

*The provision of this project are to run with the land/project and shall bind the current and future owner(s) successor(s) of interest, assignee(s) and/or transferee(s) of said project. Permittee shall not with out prior notification to the Planning/Building Department assign, sell, or transfer, or grant control of project or any right or privilege therein. The Permittee shall provide a minimum of 60 days written notice prior to such proposed transfer becoming effective. The permitted use identified herein is limited for use upon this parcel described herein and may not be transferred to another parcel. This shall likewise be applicable if the transfer is between the primary and a subsidiary user.*

**G7 RIGHT OF ENTRY:**

*The County reserves the right to enter the premises to make the appropriate inspection(s) and to determine if the condition(s) of this permit are complied with. Access to authorized enforcement agency personnel shall not be denied, by either the landowner, the permittee or a subsidiary user..*

**G8 TIME LIMIT:**

*Unless otherwise specified within the project specific conditions this project shall be limited to a maximum of (3) three years from the recordation date of the CUP. The CUP may be extended for successive three (3) year(s) by the Planning Director upon a finding by the Planning Department that the project is in full and complete compliance with all conditions of the CUP and any applicable land use regulation(s) of the County of Imperial. Unless specified otherwise herein no conditional use permit shall be extended for more than four consecutive periods. If an extension is necessary or requested beyond fifteen years, Permittee shall file a written request with the Planning Director for a hearing before the Planning Commission. Such request shall include the appropriate extension fee. An extension shall not be granted if the project is in violation of any one or all of the conditions or if there is a history of non-compliance with the project conditions.*

**G9 DEFINITIONS:**

*In the event of a dispute the meaning(s) or the intent of any word(s) phrase(s) and/or conditions or sections herein shall be determined by the Planning Commission of the County of Imperial. Their determination shall be final unless an appeal is made to the*

*Board of Supervisors within the required time. In this permit the term Permittee may also apply to any other facility user whether specified by name herein or not. To the extent that this facility may be used by more than one service provider other than the applicant (permittee), all of the conditions of this permit shall be equally applicable to the other "user(s)" as if they were the "permittee".*

#### **G10 SPECIFICITY**

*The issuance of this permit does not authorize the Permittee to construct or operate this project in violation of any state, federal, local law nor beyond the specified boundaries of the project as shown the application/project description/permit, nor shall this permit allow any accessory or ancillary use not specified herein. This permit does not provide any prescriptive right or use to the Permittee for future addition and/or modification to this project. The site specific use authorized by this permit is listed under the SITE SPECIFIC ("S") conditions, and only the use or uses listed shall be deemed as approved by this permit. The Permittee's application and or any support documents supplied by Permittee as part of the application shall not be used to determine allowed use(s).*

#### **G11 HEALTH HAZARD:**

*If the County Health Officer determines that a significant health hazard exists to the public, the County Health Officer may require appropriate measures and the Permittee shall implement such measures to mitigate the health hazard. If the hazard to the public is determined to be imminent, such measures may be imposed immediately and may include temporary suspension of the subject operations. However, within 45 days of any such suspension of operations, the measures imposed by the County Health Officer must be submitted to the Planning Commission for review and approval. Nothing shall prohibit Permittee from requesting a special Planning Commission meeting provided Permittee bears all costs.*

#### **G12 ENCROACHMENT PERMIT**

*Permittee shall obtain, as necessary all encroachment permits, or other special traffic safety permits from the Department of Public Works and/or CALTRANS.*

#### **G13 REPORT(S)**

*Permittee shall file an annual report with the Planning/Building Department to show that Permittee is in full compliance with this Conditional Use Permit and with the Surface Mining Reclamation Plan. Permittee to provide all reports and to include the information about other users, if any. The County may request information at any time from Permittee or other users if applicable, however it shall be the responsibility of the permittee to assure the County that such information is received.*

**G14 RESPONSIBLE AGENT**

*Permittee shall maintain on file with the Planning/Building Department the name and phone number of the responsible agent for the site. A backup name shall also be provided, and a phone number for 24 hour emergency contact shall also be on file. If there are other users, the same information (as applicable) required from the Permittee shall also be made available to the County from such other users.*

**G15 INDEMNIFICATION**

*At no cost to the County, Permittee and each and every subsidiary user, shall indemnify, and hold harmless the County, the Board of Supervisors and all officers and agents of the County against any and all claims, actions and liabilities arising out of the permitting, construction and/or operation of the project. This indemnity agreement shall be on file with the Planning/Building Department prior to recordation of this CUP. Failure to have the agreement on file within 60 days from the date of approval by the Planning Commission shall terminate the approval of this CUP. If the facility is subject to "multiple" use by anyone other than the Permittee, each such operator, or facility, or individual, person or corporation shall have on file with the County Planning/Building Department an indemnification agreement identical to that of the Permittee.*

**G16 CHANGE OF OWNER/OPERATOR**

*In the event the ownership of the site or the operation of the site transfers from the current Permittee to a new successor Permittee, the successor Permittee shall be bound by all terms and conditions of this permit as if said successor was the original Permittee. Current Permittee shall inform the County Planning/Building Department in writing at least 60 days prior to any such transfer. Failure of a notice of change of ownership or change of operator shall be grounds for the immediate revocation of the CUP. In the event of a change, the new Owner/Operator shall file with the Department, via certified mail, a letter stating that they are fully aware of all conditions and acknowledge that they will adhere to all. If this permit or any subservient or associated permit requires financial surety, the transfer of this permit shall not be effective until the new Permittee has requisite surety on file. Furthermore existing surety shall not be released until replacement surety is accepted by County. Failure to provide timely notice of transfer by Permittee shall forfeit current surety.*

*In the event this is or becomes a multi use tower facility, the written approval from any "user" of the tower shall be provided to the County in addition to the above.*

*The balance of this page was intentionally left blank!*

**SPECIFIC PROJECT CONDITIONS:**

---

**S1 PROJECT DESCRIPTION**

*This permit authorizes the Permittee to construct and operate a Fiber Optic Regeneration Facility, which is to be an unmanned facility used for the transmission of communication, data etc only, provided the conditions stated herein are followed.*

**S2 ACCESS TO SITE**

Access to the site shall be through the use of the access right of way as depicted on the drawings on file with the Planning. Access to the site shall be vis-à-vis authorized rights-of-way for any non public road or easement.

**S3 NO TRESPASSING SIGNS**

Permittee shall post the site for "No Trespassing" at least every side along the active perimeter of the site.

**S4 HOURS OF OPERATION**

Permittee shall be allowed to operate the site 24 hrs per day, seven days per week.

**S5 ANCILLARY USES & ADDITIONAL LAND USE PERMITS**

This permit authorizes the Permittee to operate the site as described under condition S1 with no additional ancillary facilities or uses. This permit shall be considered the primary permit for this site, and if additional Conditional Use Permit(s) are secured for this site, they shall be subservient to this permit at all times.

**S6 SUSPENSION OF OPERATIONS**

(a) If operation of the communications facility ceases for a period of twenty four (24) consecutive months, the Permittee shall remove the communications tower, all related equipment, and all structures and buildings within 6 months. Permittee may request in writing to the Planning Director a one time extension; such extension shall be limited to a maximum of one year.

(b) Permittee shall file (with the County) surety in the amount of \$3,000, in a form acceptable to County Counsel. Said surety shall be filed within six (6) months of the approval of this CUP, and/or prior to issuance of any construction permit, whichever comes first, and shall guarantee restoration of the land to its condition prior to development.

**S7 ENFORCEMENT ACTION**

County officials responsible for monitoring and/or enforcing the provisions of this permit shall issue a notice requiring abatement of a violation of its terms within a reasonable time as set by ordinance or County policy. As an example, responsible County officials may issue a citation and/or cease-and-desist order for repeated violation until such violations

are abated. Under specific violations County may order the facility to cease operation until it can or will be operated in full compliance.

In the event there is enforcement action taken by the County it shall at all times be against the Permittee, even if the violation is caused by another party using the facility. It shall be the responsibility of Permittee to assure that the facility is operated in compliance with all terms and conditions of the CUP.

**S8 LIGHT & GLARE**

Permittee is allowed to have security as well as operational lighting. Said lighting shall be shielded and direct to on site areas to minimize off site interference from unacceptable levels of light or glare.

**S9 CONFLICTING PERMIT CONDITIONS**

In the event that there is a conflict between the condition of this permit and any other permit, the most stringent condition shall govern.

**S10 MINOR ADMINISTRATIVE MODIFICATION**

The Planning Director shall have the authority to make interpretations, issue administrative decisions and provide directions that while not modifying the intent of any condition will allow for problem resolution at an administrative level. Both Director and/or Permittee have the right to defer such issues to the Planning Commission. However in no event shall any decision regarding this permit be brought to the Board of Supervisors without first having been brought to the Commission.

**S11 LATEST CODES GOVERN**

All on site structures shall be designed and built to meet the latest edition of the applicable codes. In the event the tower is altered, added to, or modified to accommodate additional users, additional antennae or other structural modifications from those originally approved by County, Permittee shall provide revised structural drawings and calculations to the Building Inspection Division prior to such modifications being made.

**S12 RESTORATION SURETY**

The original surety shall remain in effect until the facility and the ancillary facilities are removed and the site restored to its original condition. In the event there is a history of "non-compliance with these conditions, prior to the renewal terms herein, the surety may be administratively increased to \$5,000.00 maximum and \$10,000.00 maximum, if the renewal is considered by the Planning Commission.

The rest of this page is intentionally left blank.

NOW THEREFORE, County hereby issues Conditional Use Permit # 99-0022 and Permittee hereby accepts such permit upon the terms and conditions set forth herein:

IN WITNESS THEREOF, the parties hereto have executed this Agreement the day and year first written.

SUBJECT: Fiber Optic Facility; EXT25-0011 for CUP99-0022

Dear Mr. Bejarano:

On March 18, 2025, the Imperial Irrigation District received from the Imperial County Planning & Development Services Department, a request for agency comments on Time Extension No. 25-0011 for Conditional Use Permit No. 99-0022. The applicant is requesting a 15-year time extension for the previously approved CUP of an existing fiber optic facility located at 672 Sidewinder Road, Winterhaven, CA (APN 056-460-042-000). The applicant intends to upgrade the existing facility within the parameters of the approved CUP.

The IID has reviewed the application and has the following comments:

1. If the upgrade includes the modification of the facility's existing electrical services, the applicant should be advised to contact Gabriel Ramirez, IID project development planner, at 760-339-9257 or e-mail Mr. Ramirez at [GRamirez@IID.com](mailto:GRamirez@IID.com), to initiate the customer service application process. In addition to submitting a formal application (available for download at the website <http://www.iid.com/home/showdocument?id=12923>), the applicant will be required to submit an AutoCAD file of site plan, approved electrical plans, electrical panel size and panel location, operating voltage, electrical loads, project schedule, and the applicable fees, permits, easements and environmental compliance documentation pertaining to the provision of electrical service to a project. The applicant shall be responsible for all costs and mitigation measures related to providing electrical service to a project.
2. Electrical capacity is limited in the project area. A circuit study may be required. Any system improvements or mitigation identified in the circuit study to enable the provision of electrical service to the project shall be the financial responsibility of the applicant.

3. Applicant shall provide a surveyed legal description and an associated exhibit certified by a licensed surveyor for all rights of way deemed by IID as necessary to accommodate the project electrical infrastructure. Rights-of-Way and easements shall be in a form acceptable to and at no cost to IID for installation, operation, and maintenance of all electrical facilities.
4. The project proponent will be required to provide and bear all costs associated with acquisition of land, rights of way, easements, and infrastructure relocations and realignments deemed necessary to accommodate the project. Any street or road improvements imposed by the local governing authority shall also be at the project proponent cost.
5. The applicant will be required to provide rights of ways and easements for any power line extensions and/or any other infrastructure needed to serve the project. In addition, the necessary access to allow for continued operation and maintenance of any IID facilities located on adjoining properties where no public access exists.
6. Any construction or operation on IID property or within its existing and proposed right of way or easements including but not limited to: surface improvements such as proposed new streets, driveways, parking lots, landscape; and all water, sewer, storm water, or any other above ground or underground utilities; will require an encroachment permit, or encroachment agreement (depending on the circumstances). A copy of the IID encroachment permit application and instructions for its completion are available at the website <https://www.iid.com/about-iid/department-directory/real-estate>. No foundations or buildings will be allowed within IID's right of way. The IID Real Estate Section should be contacted at (760) 339-9239 for additional information regarding encroachment permits or agreements.
7. Any new, relocated, modified or reconstructed IID facilities required for and by the project (which can include but is not limited to electrical utility substations, electrical transmission and distribution lines, water deliveries, canals, drains, etc.) need to be included as part of the project's California Environmental Quality Act (CEQA) and/or National Environmental Policy Act (NEPA) documentation, environmental impact analysis and mitigation. Failure to do so will result in postponement of any construction and/or modification of IID facilities until such time as the environmental documentation is amended and environmental impacts are fully analyzed. Any and all mitigation necessary as a result of the construction, relocation and/or upgrade of IID facilities is the responsibility of the project proponent.
8. When the project goes through the CEQA compliance process, it is important to bear in mind that to address the project impacts to the electrical utility (i.e., the IID

electrical grid), considered under the environmental factor "Utilities and Services" of the Environmental Checklist/Initial Study, to determine if the project would require or result in the relocation or construction of new or expanded electric power facilities, the construction or relocation of which could cause significant environmental effects; a circuit study/distribution impact study, facility study, and/or system impact study must be performed.

**SUBJECT:** Time Extension 25-0011 for Conditional Use Permit 99-0022 – Tom Williams

Dear Mr. Minnick:

The Imperial County Air Pollution Control District (Air District) appreciates the opportunity to review and comment on Time Extension (EXT) 25-0011 (Project). The Project would allow for a fifteen (15) year time-extension for Conditional Use Permit (CUP) 99-0022, for an existing fiber optic regeneration facility. The Project is located at 672 Sidewinder Rd, Winterhaven also identified as Assessor's Parcel Number 056-0460-042.

Upon reviewing permitting records, the Air District identified the applicant maintains permit #2921 active for the Emergency Standby Electric Generator at the project location. The Air District concludes that maintaining the active permit supports the applicant's compliance with section G3 PERMITS/LICENSES of the CUP with respect to the Air District's Rules 201, 207, and 212. Given the project description has proposed future improvements, which include the installation of an additional emergency generator, the Air District informs the applicant that given Air District Rules 201, 204, and 207 an application for engineering review of the existing permit and the proposed combustion equipment must be submitted to the Air District prior to installation.

The Air District also reminds the applicant that the project must continue to comply with all Air District Rules and Regulations as well as all Permit Conditions. The Air District would emphasize Regulation VIII-Fugitive Dust Rules, which is a collection of rules designed to maintain fugitive dust emissions below 20% visual opacity.

Should the CUP be amended or updated the Air District requests a copy of the draft CUP prior to recording for review.

For your convenience an review all Air District's rules and regulations can be found online at <https://apcd.imperialcounty.org/rules-and-regulations/>. Should you have any questions please feel free to contact the Air District for assistance at (442) 265-1800.

Respectfully,

**CAUTION: This email originated outside our organization; please use caution.**

Hi Luis and Marsha,

Caltrans has no major comments on the time extension. However, the applicant should be aware that the project location is very close to State Right of Way.

Any work performed within Caltrans' R/W will require discretionary review and approval by Caltrans and an encroachment permit will be required for any work within the Caltrans' R/W prior to construction. As part of the encroachment permit process, the applicant must provide approved final environmental documents for this project, corresponding technical studies, and necessary regulatory and resource agency permits. Specifically, CEQA determination or exemption.

The red lines represent Caltrans Right of Way, and they front the existing gate to the project.

Thank you,
