## REQUESTED ACTION:

IT IS RECOMMENDED THAT YOU CONDUCT A PUBLIC HEARING AND THAT YOU HEAR ALL THE OPPONENTS AND PROPONENTS OF THE PROPOSED PROJECT. STAFF WOULD THEN RECOMMEND THAT YOU TAKE THE FOLLOWING ACTIONS:

1. ADOPT THE NEGATIVE DECLARATION BY FINDING THAT THE PROPOSED PROJECT WOULD NOT HAVE A SIGNIFICANT EFFECT ON THE ENVIRONMENT AS RECOMENDED AT THE ENVIRONMENTAL EVALUATION COMMITTEE (EEC) HEARING HELD ON DECEMBER 17, 2020;
2. MAKE THE DE MINIMUS FINDINGS AS RECOMMENDED AT THE DECEMBER 17, 2020 EEC HEARING, THAT THE PROJECT WILL NOT INDIVIDUALLY OR CUMMULATIVELY HAVE AN ADVERSE EFFECT ON FISH AND WILDLIFE RESOURCES, AS DEFINED IN SECTION 711.2 OF THE FISH AND GAME CODES;
3. MAKE THE ATTACHED FINDINGS; AND
4. APPROVE PARCEL MAP #02488, SUBJECT TO THE ATTACHED CONDITIONS.

**STAFF REPORT**  
**PLANNING COMMISSION MEETING**  
**January 27, 2021**  
**Parcel Map #02488**

**Applicant:**            **Jeffrey M. Carter**

**Project Location:**

The project site is located at 653 W. Belford Road, Imperial, CA; is further identified as Assessor's Parcel Number (APN) 063-020-002-000, and is legally described as Lot 35, of Imperial Subdivision No. 1 per Map No. 899 on file in the Office of the County Recorder of Imperial County.

**Project Summary:**

The property owner is proposing to subdivide the existing parcel which totals approximately 9.4 acres, into four (4) lots being approximately 2.35 acres each, for future residential development. The proposed new lots would all have access to water from the canal and be on septic systems. The proposed access would be from Belford Road.

**Land Use Analysis:**

The project site is designated as "Urban" under the Imperial County General Plan and is zoned "A-1-U" (Limited Agricultural/Urban Area) per Zoning Map #5 of the Imperial County Title 9 Land Use Ordinance. The proposed subdivision is consistent with Section 90507.04 (Minimum Lot Size) for the A-1 (Limited Agriculture). Additionally, the project could be found consistent with the General Plan pursuant to Section 90805.

**Surrounding Land Use Ordinance:**

<b>DIRECTION</b>	<b>CURRENT LAND USE</b>	<b>ZONING</b>	<b>GENERAL PLAN</b>
<b>Project Site</b>	Vacant Land	A-1-U (Limited Agricultural/Urban)	Urban
<b>North</b>	Vacant Land/Residential	A-1-U (Limited Agricultural/Urban)	Urban
<b>South</b>	Residential	A-1-U (Limited Agricultural/Urban)	Urban
<b>East</b>	Vacant/Residential	A-1-U (Limited Agricultural/Urban)	Urban
<b>West</b>	Vacant Land	A-1-U (Limited Agricultural/Urban)	Urban

**Environmental Review:**

The proposed project was environmentally reviewed and assessed by the Environmental Evaluation Committee (EEC) on December 17, 2020. The Committee consists of a seven (7) member panel, integrated by the Director of Environmental Health Services, Imperial County Fire Chief, Agricultural Commissioner, Air Pollution Control Officer, Director of the Department of Public Works, Imperial County Sheriff, and the Director of Planning and Development Services. The EEC members have the principal responsibility for reviewing CEQA documents for the County of Imperial. After review by the EEC members, the members recommended a Negative Declaration.

The project was publicly circulated from December 18, 2020 through January 6, 2021.

**Staff Recommendation:**

Staff recommends that the Planning Commission hold a public hearing, hear all the proponents and opponents of the proposed project. Staff would then recommend that you take the following actions:

- a. Adopt the Negative Declaration by finding that the proposed project would not have a significant effect on the environment as recommended at the Environmental Evaluation Committee (EEC) hearing held on December 17, 2020;
- b. Make the De Minimus findings as recommended at the December 17, 2020 EEC Hearing, that the project will not individually or cumulatively have an adverse effect on Fish and Wildlife Resources, as defined in Section 711.2 of the Fish and Game Codes;
- c. Make the attached findings; and
- d. Approve Parcel Map #02488, subject to the attached conditions.

RESOLUTION NO. \_\_\_\_\_

**A RESOLUTION OF THE PLANNING COMMISSION FOR THE COUNTY OF IMPERIAL, CALIFORNIA, ADOPTING A "NEGATIVE DECLARATION" (INITIAL STUDY #20-0021) FOR PARCEL MAP #02488.**

**WHEREAS**, on December 4, 2020, Public Notices were mailed to the surrounding property owners advising them of the Environmental Evaluation Committee hearing scheduled for December 17, 2020;

**WHEREAS**, a Negative Declaration and CEQA Findings were prepared in accordance with the requirements of the California Environmental Quality Act, State Guidelines, and the County's "Rules and Regulations to Implement CEQA, as Amended"; and

**WHEREAS**, on December 17, 2020, the Environmental Evaluation Committee heard the project and recommended the Planning Commission of the County of Imperial to adopt the Negative Declaration for Parcel Map #02488; and

**WHEREAS**, the Negative Declaration was circulated for 20 days from December 18, 2020 to January 6, 2021;

**WHEREAS**, the Planning Commission of the County of Imperial has been designated with the responsibility of adoptions and certifications; and

**NOW, THEREFORE**, the Planning Commission of the County of Imperial **DOES HEREBY RESOLVE** as follows:

The Planning Commission has reviewed the attached Negative Declaration (ND) prior to approval of Parcel Map #02488. The Planning Commission finds and determines that the Negative Declaration is adequate and was prepared in accordance with the requirements of the Imperial County General Plan, Land Use Ordinance and the California Environmental Quality Act (CEQA), which analyses environmental effects, based upon the following findings and determinations:

1. That the recital set forth herein are true, correct and valid; and
2. That the Planning Commission has reviewed the attached Negative Declaration (ND) for Parcel Map #02488 and considered the information contained in the Negative Declaration together with all comments received during the public review period and prior to approving the Parcel Map; and
3. That the Negative Declaration reflects the Planning Commission independent judgment and analysis.

**NOW, THEREFORE,** the County of Imperial Planning Commission **DOES HEREBY ADOPT** the Negative Declaration for Parcel Map #02488.

---

**Rudy Schaffner, Chairperson  
Imperial County Planning Commission**

I hereby certify that the preceding resolution was taken by the Planning Commission at a meeting conducted on January 27, 2021 by the following vote:

RESOLUTION NO. \_\_\_\_\_

**A RESOLUTION OF THE PLANNING COMMISSION FOR THE COUNTY OF IMPERIAL, CALIFORNIA, APPROVING "PARCEL MAP #02488", WITH CONDITIONS FOR JEFFREY M. CARTER**

**WHEREAS**, Jeffrey M. Carter submitted an application for Parcel Map #02488 to subdivide an existing vacant parcel into four (4) parcels.

**WHEREAS**, a Negative Declaration and CEQA Findings were prepared in accordance with the requirements of the California Environmental Quality Act, State Guidelines, and the County's "Rules and Regulations to Implement CEQA, as Amended"; and

**WHEREAS**, the Planning Commission of the County of Imperial has been designated with the responsibility of adoptions and certifications; and

**WHEREAS**, public notice of said application has been given, and the Planning Commission has considered evidence presented by the Imperial County Planning & Development Services Department and other interested parties at a public hearing held with respect to this item on January 27, 2021.

**WHEREAS**, on December 17, 2020, the Environmental Evaluation Committee heard the project and recommended the Planning Commission of the County of Imperial to adopt the Negative Declaration.

**NOW, THEREFORE**, the Planning Commission of the County of Imperial **DOES HEREBY RESOLVE** as follows:

**SECTION 1.** The Planning Commission has considered the Parcel Map #02488 and Conditions of Approval prior to approval; the Planning Commission finds and determines that the Parcel Map and Conditions of Approval are adequate and were prepared in accordance with the requirements of the Imperial County General Plan, Land Use Ordinance and the California Environmental Quality Act (CEQA), which analyses environmental effects, based upon the following findings and determinations.

**SECTION 2.** That in accordance with State Planning and Zoning law and the County of Imperial, the following findings for the approval of Parcel Map #02488 have been made as follows:

**Finding 1: Is subdivision a major subdivision?**

The project is a minor subdivision, where the applicants intends to subdivide an approximately 9.4 acre parcel into four (4) individual 2.34 acre lots for future residential development.

**Finding 2: Does the Tentative Parcel Map meet the requirements of the County Subdivision Ordinance?**

The Tentative Parcel Map meets the requirements of County Subdivision Ordinance for parcel maps pursuant to Section 90805.00 (Minor Subdivision).

**Finding 3: Is the proposed land division consistent with applicable General and Specific Plans?**

The proposed map division of land is consistent with the Imperial County General Plan; the project site is designated Urban Area. The proposed subdivision is for the future development of residential parcels and it is consistent with the Land Use Designation of the Imperial County General Plan. The property is not located within a Specific Plan area.

**Finding 4: Is the design or improvement of the proposed land division consistent with applicable General and Specific Plans?**

The design of the proposed land division is within an Urban Area designation and is consistent with the Imperial County General Plan. The proposed subdivision is for future development of residential parcels. The property is not located within a Specific Plan area.

**Finding 5: Is the site of this proposed land division physically suitable for the type of development?**

The proposed minor subdivision conforms to the minimum lot size of the designated zone and conforms to the purpose of the zone by building one residence per legal lot.

**Finding 6: Are the design of the proposed land division or proposed improvements likely to cause substantial environmental damage or substantial and avoidably injure fish or wildlife or their habitat?**

The proposed project was environmentally assessed and it was determined that there will be no significant impacts to fish and wildlife habitats. A Negative Declaration was recommended to be adopted at the December 17, 2020 Environmental Evaluation Committee hearing.

**Finding 7: Is the site of the proposed land division physically suitable for the proposed density of the development?**

The proposed minor subdivision conforms to the minimum density per dwelling as per the Imperial County Airport Land Use Compatibility Plan, with the recordation of Avigation and Overflight Easement. The applicant is proposing to building one dwelling unit per legal parcel.

**Finding 8: Is the design of the proposed land division or the type of improvements likely to cause serious public health problems?**

The proposed project meets all local, State and Federal subdivision and zoning requirements. The subdivision entails the division of one legal lot into four individual parcels for future residential development. The construction of residences is an allowed use per the A-1-U Zone, construction shall comply with the California Building Code and will not likely cause serious public health problems.

**Finding 9: Will the design of the proposed land division or the type of improvements conflict with easements, acquired by the public at large, for access through, or use of, property within the proposed land division?**

The design of the proposed land subdivision will not conflict with easements for access through, or use of, property within the proposed site since there is access will be through Belford Road.

**NOW, THEREFORE,** the County of Imperial Planning Commission **DOES HEREBY APPROVE** Parcel Map #02488.

# CONDITIONS OF APPROVAL

## PARCEL MAP #02488

(Jeffrey M. Carter)  
[APN 063-020-002-000]

---

---

### **NOTICE TO APPLICANT!**

*The above-referenced Parcel Map, upon approval by the County shall be subject to all of the following conditions, which may include modification or rescission in whole or in part, by the PLANNING COMMISSION and/or BOARD OF SUPERVISORS from the conditions recommended by staff. In the event any conditions are deferred the APPLICANT/SUBDIVIDER or any subsequent owner(s), shall comply with all of the CONDITIONS specified herein, whether at the time of recordation of the Map or prior to any development permits. It is the obligation of the property owner (current or future) to comply with these conditions; Hereinafter the term "applicant" shall mean the current and future owners, and/or the subdivider. If approved, this project having been reviewed for compliance with the General Plan, the Subdivision Map Act and County Land Use Ordinance, the applicant shall comply with all of the requirements of said documents whether specified herein or not.*

---

---

### **GENERAL CONDITIONS:**

---

[General Conditions may be either advisory or mandatory depending on the condition. These conditions appear on all parcel maps as generic conditions; however they are as important as the Site Specific Conditions. The Planning Commission established these conditions to be consistent, to be informative, and to cover a broad range of generic requirements and notices. The term applicant(s) shall mean the current and future owner(s) of record.]

**Unless expressly deferred in these conditions all conditions are to be satisfied prior to recordation of the parcel map.**

1. The applicant shall pay any and all amounts as determined by the County to defray all costs for the review of reports, field investigations, or other activities related to compliance with this permit/approval, County Ordinances, and/or any other laws that apply to this Map.
2. The applicant shall comply with all local, state and/or federal laws, rules, regulations and/or standards as they may pertain to this project, whether specified herein or not.
3. As a condition of this Subdivision, subdivider agrees to defend, indemnify, hold harmless, and release the County, its agents, officers, attorneys, and employees from any claim, action, or proceeding brought against any of them, the purpose of which is to attack, set aside, void, or annul the Subdivision or adoption of the environmental document which accompanies it. This indemnification obligation shall include, but not be limited to, damages, costs, expenses, attorney's fees, or expert witness fees that may be asserted by any person or entity, including the subdivider, arising out of or in connection with the approval of this Subdivision,

whether or not there is concurrent, passive or active negligence on the part of the County, its agents, officers, attorneys, or employees.

4. Each parcel created or affected by this map shall abut a maintained road and/or have legal and physical access to a public road before this Parcel Map is recorded.
5. Applicant shall provide water and sewer to Federal, State and County standards. Water and sewer systems shall be approved by the Environmental Health Services and the Planning & Development Services Department upon further development.
6. The applicant shall comply with all County Fire Department regulations, rules and standards and shall meet all Fire Department requirements necessary to attain compliance upon further development. Any physical improvements required by the Fire Department shall be inspected and approved prior to a building permit being issued by the Planning & Development Services Building Department.
7. All applicable plans, reports, and studies shall be reviewed and approved by the respective responsible agencies when further development occurs for constructing or installing any site improvements and the installation of future improvements shall be reviewed, inspected, and approved by the respective responsible agency.

#### **SITE SPECIFIC CONDITIONS:**

---

1. Pursuant to Title 9, Division 8, Chapter 5, Section 90805.12 (A), the applicant shall secure tax certificate(s) from the Tax Collector's Office prior to recordation of the Certificate of Compliance for Parcel Map #02488.
2. Pursuant to Title 9, Division 8, Chapter 5, Section 90805.12 (B), provide full legal description(s) and closure sheets acceptable to the Planning & Development Services Department for review by the Department of Public Works, prepared, signed and stamped by a California Licensed Land Surveyor or a California Registered Civil Engineer (licensed to practice in the category of work performed), typed on plain bond paper (8 1/2x11"). Letterhead will not be acceptable.
3. Pursuant to Title 9, Division 8, Chapter 5, Section 90805.12 (C), provide recording fees as required for the recordation of the Certificate of Compliance, legal descriptions and Tax Certificate(s).
4. Whenever Parcel Maps are proposed, Public Works Department normally requires that a Grading & Drainage Study/ Plan be provided. In this case, since no new development is being proposed a Drainage Letter that takes into account the prevention of sedimentation of damage to off-site properties and county road right-of-way(s) from storm run-off may be accepted in lieu of a Grading Plan. However, should any future development occur on any of the properties, a Drainage and Grading Study/Plan shall be required by this Department. (Per Imperial County Code of Ordinances, Chapter 9.10.10).<sup>1</sup>

---

<sup>1</sup> Imperial County Public Works Department Comment Letter dated January 12, 2021

5. Each parcel created or affected by this project shall abut a maintained road and/or have legal and physical access to a public road before the project documents are recorded.<sup>2</sup>
6. Prior to recordation of Parcel Map, a water will service letter shall be obtained from Imperial Irrigation District Water Department that they will provide water to each of the properties.<sup>3</sup>
7. An encroachment permit shall be secured from Public Works Department for any and all new, altered or unauthorized existing driveway(s) to access the properties through surrounding roads (Per Imperial County Code of Ordinances, Chapter 12.12 - Excavations on or Near a Public Road). However, should any future development occur on any of the properties, street improvements shall be required in conjunction with, but not limited to, any construction, grading, or related work, including the construction of structures, buildings, or major additions thereto, on property located adjacent to any county street or on property utilizing any county street for ingress and egress (Per Section 12.10.020 - Street Improvement Requirements of Imperial County Ordinance). At a minimum, concrete paved driveway shall be required per County of Imperial Department of Public Works Engineering Design Guidelines Manual – Rural Concrete Driveway for street with no curb dwg. no. 411B. Sidewalk not required.<sup>4</sup>
8. Tentative Parcel Map (2488) identifies a deed of trust to secure an indebtedness. The interest of the beneficiary to the deed of trust is capable of ripening into fee. As such, the beneficiary possesses record title interest. The written consent to the proposed subdivision by the trustee or the beneficiary of the deed of trust shall be provided prior to approval of the proposed subdivision.<sup>5</sup>
9. Prior to future development, the applicant shall contact IID regarding electrical service and shall be aware that any construction or operation on IID property will require an encroachment permit or encroachment agreement. Any and all mitigation necessary as a result of the construction, relocation and/or upgrade of IID facilities is the responsibility of the project proponent.<sup>6</sup>
10. Since the project site is located within Zones “B-2” and “C” of the Imperial County Airport’s Compatibility Map (Figure 3E), the permittee shall record a Dedication of Avigation Easement and a Dedication of Overflight Easement to be in compliance with the 1996 ALUC Plan requirements as per the conditions found on the Compatibility Criteria Table 2A.
11. The applicant’s property and all permits shall be in compliance with the Imperial County Land Use Ordinance, Title 9 prior to recordation of the map.

## SECTION 1 INTRODUCTION

### A. PURPOSE

This document is a  policy-level,  project level Initial Study for evaluation of potential environmental impacts resulting with the proposed Parcel Map #02488 (Refer to Exhibit "A" & "B"). For purposes of this document, the above-mentioned project will be called the "proposed project".

### B. CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) REQUIREMENTS AND THE IMPERIAL COUNTY'S GUIDELINES FOR IMPLEMENTING CEQA

As defined by Section 15063 of the State California Environmental Quality Act (CEQA) Guidelines and Section 7 of the County's "CEQA Regulations Guidelines for the Implementation of CEQA, as amended", an **Initial Study** is prepared primarily to provide the Lead Agency with information to use as the basis for determining whether an Environmental Impact Report (EIR), Negative Declaration, or Mitigated Negative Declaration would be appropriate for providing the necessary environmental documentation and clearance for any proposed project.

According to Section 15065, an EIR is deemed appropriate for a particular proposal if the following conditions occur:

- The proposal has the potential to substantially degrade quality of the environment.
- The proposal has the potential to achieve short-term environmental goals to the disadvantage of long-term environmental goals.
- The proposal has possible environmental effects that are individually limited but cumulatively considerable.
- The proposal could cause direct or indirect adverse effects on human beings.

According to Section 15070(a), a **Negative Declaration** is deemed appropriate if the proposal would not result in any significant effect on the environment.

According to Section 15070(b), a **Mitigated Negative Declaration** is deemed appropriate if it is determined that though a proposal could result in a significant effect, mitigation measures are available to reduce these significant effects to insignificant levels.

This Initial Study has determined that the proposed applications will not result in any potentially significant environmental impacts and therefore, a Negative Declaration is deemed as the appropriate document to provide necessary environmental evaluations and clearance as identified hereinafter.

This Initial Study and Negative Declaration are prepared in conformance with the California Environmental Quality Act of 1970, as amended (Public Resources Code, Section 21000 et. seq.); Section 15070 of the State & County of Imperial's Guidelines for Implementation of the California Environmental Quality Act of 1970, as amended (California Code of Regulations, Title 14, Chapter 3, Section 15000, et. seq.); applicable requirements of the County of Imperial; and the regulations, requirements, and procedures of any other responsible public agency or an agency with jurisdiction by law.

Pursuant to the County of Imperial Guidelines for Implementing CEQA, depending on the project scope, the County of Imperial Board of Supervisors, Planning Commission and/or Planning Director is designated the Lead Agency,

---

in accordance with Section 15050 of the CEQA Guidelines. The Lead Agency is the public agency which has the principal responsibility for approving the necessary environmental clearances and analyses for any project in the County.

### **C. INTENDED USES OF INITIAL STUDY AND NEGATIVE DECLARATION**

This Initial Study and Negative Declaration are informational documents which are intended to inform County of Imperial decision makers, other responsible or interested agencies, and the general public of potential environmental effects of the proposed applications. The environmental review process has been established to enable public agencies to evaluate environmental consequences and to examine and implement methods of eliminating or reducing any potentially adverse impacts. While CEQA requires that consideration be given to avoiding environmental damage, the Lead Agency and other responsible public agencies must balance adverse environmental effects against other public objectives, including economic and social goals.

The Initial Study and Negative Declaration, prepared for the project will be circulated for a period of 20 days (*30-days if submitted to the State Clearinghouse for a project of area-wide significance*) for public and agency review and comments. At the conclusion, if comments are received, the County Planning & Development Services Department will prepare a document entitled "Responses to Comments" which will be forwarded to any commenting entity and be made part of the record within 10-days of any project consideration.

### **D. CONTENTS OF INITIAL STUDY & NEGATIVE DECLARATION**

This Initial Study is organized to facilitate a basic understanding of the existing setting and environmental implications of the proposed applications.

#### **SECTION 1**

**I. INTRODUCTION** presents an introduction to the entire report. This section discusses the environmental process, scope of environmental review, and incorporation by reference documents.

#### **SECTION 2**

**II. ENVIRONMENTAL CHECKLIST FORM** contains the County's Environmental Checklist Form. The checklist form presents results of the environmental evaluation for the proposed applications and those issue areas that would have either a significant impact, potentially significant impact, or no impact.

**PROJECT SUMMARY, LOCATION AND ENVIRONMENTAL SETTINGS** describes the proposed project entitlements and required applications. A description of discretionary approvals and permits required for project implementation is also included. It also identifies the location of the project and a general description of the surrounding environmental settings.

**ENVIRONMENTAL ANALYSIS** evaluates each response provided in the environmental checklist form. Each response checked in the checklist form is discussed and supported with sufficient data and analysis as necessary. As appropriate, each response discussion describes and identifies specific impacts anticipated with project implementation.

#### **SECTION 3**

**III. MANDATORY FINDINGS** presents Mandatory Findings of Significance in accordance with Section 15065 of the CEQA Guidelines.

**IV. PERSONS AND ORGANIZATIONS CONSULTED** identifies those persons consulted and involved in

---

preparation of this Initial Study and Negative Declaration.

V. REFERENCES lists bibliographical materials used in preparation of this document.

VI. NEGATIVE DECLARATION – COUNTY OF IMPERIAL

VII. FINDINGS

SECTION 4

VIII. RESPONSE TO COMMENTS (IF ANY)

IX. MITIGATION MONITORING & REPORTING PROGRAM (MMRP) (IF ANY)

E. SCOPE OF ENVIRONMENTAL ANALYSIS

For evaluation of environmental impacts, each question from the Environmental Checklist Form is summarized and responses are provided according to the analysis undertaken as part of the Initial Study. Impacts and effects will be evaluated and quantified, when appropriate. To each question, there are four possible responses, including:

1. **No Impact:** A “No Impact” response is adequately supported if the impact simply does not apply to the proposed applications.
2. **Less Than Significant Impact:** The proposed applications will have the potential to impact the environment. These impacts, however, will be less than significant; no additional analysis is required.
3. **Less Than Significant With Mitigation Incorporated:** This applies where incorporation of mitigation measures has reduced an effect from “Potentially Significant Impact” to a “Less Than Significant Impact”.
4. **Potentially Significant Impact:** The proposed applications could have impacts that are considered significant. Additional analyses and possibly an EIR could be required to identify mitigation measures that could reduce these impacts to less than significant levels.

F. POLICY-LEVEL or PROJECT LEVEL ENVIRONMENTAL ANALYSIS

This Initial Study and Negative Declaration will be conducted under a  policy-level,  project level analysis. Regarding mitigation measures, it is not the intent of this document to “overlap” or restate conditions of approval that are commonly established for future known projects or the proposed applications. Additionally, those other standard requirements and regulations that any development must comply with, that are outside the County’s jurisdiction, are also not considered mitigation measures and therefore, will not be identified in this document.

G. TIERED DOCUMENTS AND INCORPORATION BY REFERENCE

Information, findings, and conclusions contained in this document are based on incorporation by reference of tiered documentation, which are discussed in the following section.

1. Tiered Documents

As permitted in Section 15152(a) of the CEQA Guidelines, information and discussions from other documents can be included into this document. Tiering is defined as follows:

“Tiering refers to using the analysis of general matters contained in a broader EIR (such as the one prepared

---

for a general plan or policy statement) with later EIRs and negative declarations on narrower projects; incorporating by reference the general discussions from the broader EIR; and concentrating the later EIR or negative declaration solely on the issues specific to the later project."

Tiering also allows this document to comply with Section 15152(b) of the CEQA Guidelines, which discourages redundant analyses, as follows:

"Agencies are encouraged to tier the environmental analyses which they prepare for separate but related projects including the general plans, zoning changes, and development projects. This approach can eliminate repetitive discussion of the same issues and focus the later EIR or negative declaration on the actual issues ripe for decision at each level of environmental review. Tiering is appropriate when the sequence of analysis is from an EIR prepared for a general plan, policy or program to an EIR or negative declaration for another plan, policy, or program of lesser scope, or to a site-specific EIR or negative declaration."

Further, Section 15152(d) of the CEQA Guidelines states:

"Where an EIR has been prepared and certified for a program, plan, policy, or ordinance consistent with the requirements of this section, any lead agency for a later project pursuant to or consistent with the program, plan, policy, or ordinance should limit the EIR or negative declaration on the later project to effects which:

- (1) Were not examined as significant effects on the environment in the prior EIR; or
- (2) Are susceptible to substantial reduction or avoidance by the choice of specific revisions in the project, by the imposition of conditions, or other means."

## 2. Incorporation By Reference

Incorporation by reference is a procedure for reducing the size of EIRs/MND and is most appropriate for including long, descriptive, or technical materials that provide general background information, but do not contribute directly to the specific analysis of the project itself. This procedure is particularly useful when an EIR or Negative Declaration relies on a broadly-drafted EIR for its evaluation of cumulative impacts of related projects (*Las Virgenes Homeowners Federation v. County of Los Angeles* [1986, 177 Ca.3d 300]). If an EIR or Negative Declaration relies on information from a supporting study that is available to the public, the EIR or Negative Declaration cannot be deemed unsupported by evidence or analysis (*San Francisco Ecology Center v. City and County of San Francisco* [1975, 48 Ca.3d 584, 595]). This document incorporates by reference appropriate information from the "Final Environmental Impact Report and Environmental Assessment for the "County of Imperial General Plan EIR" prepared by Brian F. Mooney Associates in 1993 and updates.

When an EIR or Negative Declaration incorporates a document by reference, the incorporation must comply with Section 15150 of the CEQA Guidelines as follows:

- The incorporated document must be available to the public or be a matter of public record (CEQA Guidelines Section 15150[a]). The General Plan EIR and updates are available, along with this document, at the County of Imperial Planning & Development Services Department, 801 Main Street, El Centro, CA 92243 Ph. (442) 265-1736.
- This document must be available for inspection by the public at an office of the lead agency (CEQA Guidelines Section 15150[b]). These documents are available at the County of Imperial Planning & Development Services Department, 801 Main Street, El Centro, CA 92243 Ph. (442) 265-1736.
- These documents must summarize the portion of the document being incorporated by reference or briefly

---

describe information that cannot be summarized. Furthermore, these documents must describe the relationship between the incorporated information and the analysis in the tiered documents (CEQA Guidelines Section 15150[c]). As discussed above, the tiered EIRs address the entire project site and provide background and inventory information and data which apply to the project site. Incorporated information and/or data will be cited in the appropriate sections.

- These documents must include the State identification number of the incorporated documents (CEQA Guidelines Section 15150[d]). The State Clearinghouse Number for the County of Imperial General Plan EIR is SCH #93011023.
- The material to be incorporated in this document will include general background information (CEQA Guidelines Section 15150[f]). This has been previously discussed in this document.

---

## II. *Environmental Checklist*

---

1. **Project Title:** Parcel Map #0288; Jeffrey Carter
2. **Lead Agency:** Imperial County Planning & Development Services Department
3. **Contact person and phone number:** Joe Hernandez, Planner IV, (442) 265-1736, ext. 1748
4. **Address:** 801 Main Street, El Centro CA, 92243
5. **E-mail:** joehernandez@co.imperial.ca.us
6. **Project location:** 653 W. Belford Road, Imperial, CA
7. **Project sponsor's name and address:** Jeffrey Carter  
673 W. Belford Road  
Imperial, CA 922251
8. **General Plan designation:** Urban
9. **Zoning:** A1U (Light Agriculture/Urban)
10. **Description of project:** The applicant proposes Parcel Map #02488 to subdivide the existing vacant lot into four (4) parcels, 2.34 acres each for residential purposes.
11. **Surrounding land uses and setting:** The project site is surrounded by vacant land to the West, scattered to the North and East, and Ironwood Acres Estates Unit No. 4 subdivision to the South.
12. **Other public agencies whose approval is required:** Planning Commission, Imperial County Public Works Department, Imperial County Environmental Health Services, Imperial County Fire Department
13. **Have California Native American tribes traditionally and culturally affiliated with the project area requested consultation pursuant to Public Resources Code section 21080.3.1?** On September 17, 2020, a Notice of Opportunity to Consult letter was sent to the Quechan Indian and on September 18, 2020 we received an email from the Quechan Tribe stating that they have no comment on this project.

**ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED:**

The environmental factors checked below would be potentially affected by this project, involving at least one impact that is a "Potentially Significant Impact" as indicated by the checklist on the following pages.

<input type="checkbox"/>	Aesthetics	<input type="checkbox"/>	Agriculture and Forestry Resources	<input type="checkbox"/>	Air Quality
<input type="checkbox"/>	Biological Resources	<input type="checkbox"/>	Cultural Resources	<input type="checkbox"/>	Energy
<input type="checkbox"/>	Geology /Soils	<input type="checkbox"/>	Greenhouse Gas Emissions	<input type="checkbox"/>	Hazards & Hazardous Materials
<input type="checkbox"/>	Hydrology / Water Quality	<input type="checkbox"/>	Land Use / Planning	<input type="checkbox"/>	Mineral Resources
<input type="checkbox"/>	Noise	<input type="checkbox"/>	Population / Housing	<input type="checkbox"/>	Public Services
<input type="checkbox"/>	Recreation	<input type="checkbox"/>	Transportation	<input type="checkbox"/>	Tribal Cultural Resources
<input type="checkbox"/>	Utilities/Service Systems	<input type="checkbox"/>	Wildfire	<input type="checkbox"/>	Mandatory Findings of Significance

**ENVIRONMENTAL EVALUATION COMMITTEE (EEC) DETERMINATION**

After Review of the Initial Study, the Environmental Evaluation Committee has:

Found that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared.

Found that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project have been made by or agreed to by the project proponent. A MITIGATED NEGATIVE DECLARATION will be prepared.

Found that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required.

Found that the proposed project MAY have a "potentially significant impact" or "potentially significant unless mitigated" impact on the environment, but at least one effect 1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and 2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed.

Found that although the proposed project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed adequately in an earlier EIR or NEGATIVE DECLARATION pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier EIR or NEGATIVE DECLARATION, including revisions or mitigation measures that are imposed upon the proposed project, nothing further is required.

## **PROJECT SUMMARY**

---

- A. Project Location:** The proposed project site is located at 653 W. Belford Road, Imperial, CA, being Lot 35 of Imperial Subdivision No. 1 per Map No. 899 on file in the Office of the County Recorder of Imperial County, (±)9.40 acres parcel is located on Imperial County Assessor Parcel (APN) 063-020-002-000.
- B. Project Summary:** The applicant is proposing to subdivide this existing vacant lot into four (4) parcels.
- C. Environmental Setting:** The project site is surrounded by vacant land to the West, scattered houses to the North and East and Ironwood Estates Unit #4 subdivision to the South.
- D. Analysis:** Under the Land Use Element of the Imperial County General Plan, the project site is designated as "Urban" and is zoned "A-1-U" (Limited Agriculture/Urban) zone) under the Imperial County's, Title 9, Land Use Ordinance, Section 90507.00, et. Seq. The proposed Parcel Map would meet the existing minimum parcel size (1 acre) and thus consistent with the Land Use Ordinance.
- E. General Plan Consistency:** The subject parcel is zoned A-1-U (Limited Agriculture/Urban) according to the Land Use Element and is designated "Urban" as per the County's General Plan, Land Use Map. The proposed subdivision under Parcel map #02488 can be found consistent with the County General plan and Zoning Ordinance.

## EVALUATION OF ENVIRONMENTAL IMPACTS:

- 1) A brief explanation is required for all answers except "No Impact" answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g., the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g., the project will not expose sensitive receptors to pollutants, based on a project-specific screening analysis).
- 2) All answers must take account of the whole action involved, including off-site as well as on-site, cumulative as well as project-level, indirect as well as direct, and construction as well as operational impacts.
- 3) Once the lead agency has determined that a particular physical impact may occur, then the checklist answers must indicate whether the impact is potentially significant, less than significant with mitigation, or less than significant. "Potentially Significant Impact" is appropriate if there is substantial evidence that an effect may be significant. If there are one or more "Potentially Significant Impact" entries when the determination is made, an EIR is required.
- 4) "Negative Declaration: Less Than Significant With Mitigation Incorporated" applies where the incorporation of mitigation measures has reduced an effect from "Potentially Significant Impact" to a "Less Than Significant Impact." The lead agency must describe the mitigation measures, and briefly explain how they reduce the effect to a less than significant level (mitigation measures from "Earlier Analyses," as described in (5) below, may be cross-referenced).
- 5) Earlier analyses may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration. Section 15063(c)(3)(D). In this case, a brief discussion should identify the following:
  - a) Earlier Analysis Used. Identify and state where they are available for review.
  - b) Impacts Adequately Addressed. Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards, and state whether such effects were addressed by mitigation measures based on the earlier analysis.
  - c) Mitigation Measures. For effects that are "Less than Significant with Mitigation Measures Incorporated," describe the mitigation measures which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project.
- 6) Lead agencies are encouraged to incorporate into the checklist references to information sources for potential impacts (e.g., general plans, zoning ordinances). Reference to a previously prepared or outside document should, where appropriate, include a reference to the page or pages where the statement is substantiated.
- 7) Supporting Information Sources: A source list should be attached, and other sources used or individuals contacted should be cited in the discussion.
- 8) This is only a suggested form, and lead agencies are free to use different formats; however, lead agencies should normally address the questions from this checklist that are relevant to a project's environmental effects in whatever format is selected.
- 9) The explanation of each issue should identify:
  - a) the significance criteria or threshold, if any, used to evaluate each question; and
  - b) the mitigation measure identified, if any, to reduce the impact to less than significance

Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
--------------------------------------	--	-------------------------------------	----------------

**I. AESTHETICS**

Except as provided in Public Resources Code Section 21099, would the project:

- a) Have a substantial adverse effect on a scenic vista or scenic highway?    

**a) The proposed project is not located near any scenic vista or scenic highway, and would not appear to have a substantial adverse effect; therefore, no impacts are expected.**

Substantially damage scenic resources, including, but not limited to trees, rock outcroppings, and historic buildings within a state scenic highway?    

**b) The proposed project would not appear to substantially damage a scenic resource e.g. trees, rock outcroppings, and historic buildings within a state scenic highway; therefore, no impacts are expected.**
- c) In non-urbanized areas, substantially degrade the existing visual character or quality of public views of the site and its surrounding? (Public views are those that are experienced from publicly accessible vantage point.) If the project is in an urbanized area, would the project conflict with applicable zoning and other regulations governing scenic quality?    

**c) The proposed project site is within a urbanized area and adjacent to scattered residences to the north and east and the Ironwood Estates #4 subdivision to the south; therefore the project will not degrade the existing visual character or quality of the site and its surrounding; therefore, no impacts are expected.**
- d) Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?    

**d) The proposed project is not expected to create a new source of substantial light or glare. Therefore, no impacts are expected.**

**II. AGRICULTURE AND FOREST RESOURCES**

In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Department of Conservation as an optional model to use in assessing impacts on agriculture and farmland. In determining whether impacts to forest resources, including timberland, are significant environmental effects, lead agencies may refer to information compiled by the California Department of Forestry and Fire Protection regarding the state's inventory of forest land, including the Forest and Range Assessment Project and the Forest Legacy Assessment project; and forest carbon measurement methodology provided in Forest Protocols adopted by the California Air Resources Board. --Would the project:

- a) Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?    

**a) The proposed project is identified as Other Lands per the Imperial County Important Farmland 2008 map and would not convert the farmland use. Therefore, in impacts are expected.**
- b) Conflict with existing zoning for agricultural use, or a Williamson Act Contract?    

**b) The proposed project is not within a Williamson Act land contract; therefore, there is no impact.**
- c) Conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code section 12220(g)), timberland (as defined by Public Resources Code section 4526), or timberland zoned Timberland Production (as defined by Government Code Section 51104(g))?    

**c) The proposed project site is not located within a forest or forest land or zoned timberland;**

	Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
--	--------------------------------------	--	-------------------------------------	----------------

therefore, there is no impact.

- d) Result in the loss of forest land or conversion of forest land to non-forest use?

**d) The proposed project would not result in the loss of forest land or conversion of forest land to non-forest use; therefore, there is no impact.**

- e) Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use or conversion of forest land to non-forest use?

**e) The proposed project is to subdivide approximately 9.40 acres into four parcels and will not result in a conversion of forest land to non-forest use; therefore there is no impact.**

**III. AIR QUALITY**

Where available, the significance criteria established by the applicable air quality management district or air pollution control district may be relied upon to the following determinations. Would the Project:

- a) Conflict with or obstruct implementation of the applicable air quality plan?

**a) The proposed project is not expected to conflict with or obstruct implementation of the applicable Imperial County air quality plan; however, the applicants will need to comply with Air District rules and regulations. Adherence to the ICAPCD requirement will maintain any impact at a level less than significant.**

- b) Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard?

**b) The proposed project is not expect to result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard. The permittee must adhere to the Air District's Fugitive Dust Rules and Regulations. Therefore, by adherence to the ICAPCD requirements, the project impacts would be less than significant.**

- c) Expose sensitive receptors to substantial pollutants concentrations?

**c) The proposed project is not expected to expose sensitive receptors to substantial pollutants concentrations, therefore, any impacts would be expect to be less than significant.**

- d) Result in other emissions (such as those leading to odors adversely affecting a substantial number of people)?

**d) The project proposed will not create objectionable odors affecting a substantial number of people; however, a less than significant impact would be expected.**

**IV. BIOLOGICAL RESOURCES Would the project:**

- a) Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies or regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?

**a) The proposed project site is located within disturbed land and does not appear to have a substantially adverse effect, either directly or through habitat modification, or any species identified as a candidate, sensitive, or special status species in local or regional plan, policies, or regulation, or by the California Department of Fish and Wildlife or the U.S. Fish and Wildlife Services.**

	Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
<b>Therefore, no impacts are expected.</b>				
b) Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service? <b>b) The proposed project site is farmland and will not have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by the CDF&amp;W or the USF&amp;WS. Therefore, no impacts are anticipated.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Have a substantial adverse effect on state or federally protected wetlands (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means? <b>c) The proposed project will not cause a substantial adverse effect on state or federal protected wetlands as defined in the Clean Water Act, e.g. marsh, vernal pool, coastal, through direct removal, filling, hydrological interruptions or other means. Therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) Interfere substantially with the movement of any resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites? <b>d) The proposed project site would not substantially interfere with the movement of any residential or migratory fish or wildlife species or with established resident or migratory wildlife, corridors or impede the use of native wildlife nursery sites and is not located within any such resources as identified within the Imperial County General Plan Conservation and Open Space Element; therefore, no impact are anticipated.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Conflict with any local policies or ordinance protecting biological resource, such as a tree preservation policy or ordinance? <b>e) The proposed project is not expected to conflict with any local policy or ordinances protecting biological resources, such as tree preservation policy or ordinance. Therefore, no impacts are anticipated.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
f) Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan? <b>f) The proposed project would not conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan; therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**V. CULTURAL RESOURCES** *Would the project:*

a) Cause a substantial adverse change in the significance of a historical resource pursuant to §15064.5? <b>a) The proposed project area lies within disturbed area and is not located on a historical resource. Therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Cause a substantial adverse change in the significance of an archaeological resource pursuant to §15064.5? <b>b) As mentioned under item a) above, the proposed project site lies within disturbed area and is not located within an archeological sensitive area; therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Disturb any human remains, including those interred outside of dedicated cemeteries? <b>c) As mentioned under item a) above, the proposed project site lies within disturbed area and is not expected to result in the disturbance of any human remains, including those interred outside of</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
--------------------------------------	--	-------------------------------------	----------------

dedicated cemeteries. Therefore, no impacts are expected.

**VI. ENERGY *Would the project:***

- a) Result in potentially significant environmental impact due to wasteful, inefficient, or unnecessary consumption of energy resources, during project construction or operation?
- a) The proposed project is not expected to result in potentially significant environment impact due to wasteful, inefficient, or unnecessary consumption of energy resource, either during construction or operation. Therefore, no impact are expected.
- b) Conflict with or obstruct a state or local plan for renewable energy or energy efficiency?
- b) The proposed project does not appear to conflict with or obstruct a state or local plan for renewal energy or energy efficiency. Therefore, no impacts are expected.

**VII. GEOLOGY AND SOILS *Would the project:***

- a) Directly or indirectly cause potential substantial adverse effects, including risk of loss, injury, or death involving:
- a) The proposed project will not expose people to potential substantial impacts including loss, injury or death involving following effects; therefore, no impacts are expected.
  - 1) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42?
  - 1) According to the State of California's, Alquist-Priolo Earthquake Fault Zone Maps, Revised January 1, 1990, the proposed project site is not located in a Special Studies boundary, therefore no impacts are expected.
  - 2) Strong Seismic ground shaking?
  - 2) The proposed project would not result in strong seismic ground shaking; therefore, no impacts are expected.
  - 3) Seismic-related ground failure, including liquefaction and seiche/tsunami?
  - 3) The proposed project site is not located near a body of water for a seich to result, and liquefaction isnot likely to develop; therefore no impacts are expected.
  - 4) Landslides?
  - 4) The proposed project site lies within a generally flat topography and therefore will be directly or indirectly effected by a landslide. Therefore no impacts are anticipated.
- b) Result in substantial soil erosion or the loss of topsoil?
- b) The proposed project site is not located within an erosion susceptible area according to the Imperial County, Seismic and Public Safety Element, Figure 3; therefore, no impacts are expected.
- c) Be located on a geologic unit or soil that is unstable or that would become unstable as a result of the project, and potentially result in on- or off-site landslides, lateral spreading, subsidence, liquefaction or collapse?
- c) The proposed project site is not located on a geological unit or soil that is unstable or would

	Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
become unstable due to the expansion of the existing facility therefore, no impacts are expected.				
d) Be located on expansive soil, as defined in the latest Uniform Building Code, creating substantial direct or indirect risk to life or property? <b>d) The proposed project site is not characterized by any expansive soils that would be considered environmentally significant. Potential impact deriving from expansive soils are considered negligible. Therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) Have soils incapable of adequately supporting the use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water? <b>e) The proposed project site would appear to have soils capable of supporting the use of septic system; however, any impact would be expected to be less than significant.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f) Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature? <b>f) The proposed project lies within disturbed land and is not expected to directly or indirectly destroy a unique paleontological resource or site or unique geologic feature. Therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**VIII. GREENHOUSE GAS EMISSION** *Would the project:*

a) Generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment? <b>a) The proposed project it to subdivide approximately 9.40 acres into four parcels and does not proposed to generate greenhouse gas emissions; therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Conflict with an applicable plan or policy or regulation adopted for the purpose of reducing the emissions of greenhouse gases? <b>b) The proposed project does not anticipate to conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gases. Therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**IX. HAZARDS AND HAZARDOUS MATERIALS** *Would the project:*

a) Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials? <b>a) The proposed project would not create a significant hazard to the public or environment through the routine transport, use or disposal of hazardous materials; therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Create a significant hazard to the public or the environment through reasonable foreseeable upset and accident conditions involving the release of hazardous materials into the environment? <b>b) The proposed project would not create a significant hazard to the public or the environment through reasonable foreseeable upset and accident conditions involving the release of hazardous materials into the environment; therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school? <b>c) The proposed project site is not within ¼ mile of a school and would not pose a risk to school facilities, therefore, no impact is expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
d) Be located on a site, which is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment? <b>d) The proposed project site is not located on a site included on a list of hazardous material sites; therefore, no impact is expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard or excessive noise for people residing or working in the project area? <b>e) The proposed project site is located within Zone B-2 and C in the Imperial County Airport Land Use Compatibility Plan, and could have a significant impact to people residing or working in the project area. However, the project could be found consistent with the 1996 Airport Land Use Compatibility Plan with the recordation of an Avigation and Overflight Easement and building requirements; therefore, a less than significant impact would be expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
f) Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan? <b>f) The proposed project site does not appear to interfere with an adopted emergency response plan or emergency evacuation plan, therefore, no impact is expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
g) Expose people or structures, either directly or indirectly, to a significant risk of loss, injury or death involving wildland fires? <b>g) The proposed project site is not located in an area susceptible to wildland fires, therefore, no impact is expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**X. HYDROLOGY AND WATER QUALITY** *Would the project:*

a) Violate any water quality standards or waste discharge requirements or otherwise substantially degrade surface or ground water quality? <b>a) The proposed project is to subdivide approximately 9.40 acres into four parcels and would not violate any water quality standards or waste discharge requirement; therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
b) Substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the project may impede sustainable groundwater management of the basin? <b>b) The proposed project will not affect or deplete groundwater supplies or interfere with groundwater recharge. Therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
c) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river or through the addition of impervious surfaces, in a manner which would: <b>c) The proposed project would not substantially alter the existing drainage patterns, nor result in substantial erosion or siltation on- or off-site; therefore, no impacts are expected.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(i) result in substantial erosion or siltation on- or off-site; <b>(i) As mentioned under Geology &amp; Soils b) above, the project is not located within an erosion susceptible area. Therefore, no impacts are anticipated.</b>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(ii) substantially increase the rate or amount of surface runoff in a manner which would result in	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

	Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
--	--------------------------------------	--	-------------------------------------	----------------

flooding on- or offsite;

(ii) The proposed project (subdividing approximately 9.40 acres into four parcels) is not expected to exceed the capacity of the existing IID stormwater drainage system; therefore, no impact would be expected.

(iii) create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff; or;

	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

(iii) The Proposed project is not expected to create or contribute runoff water which would exceed the capacity of existing stormwater drainage system or provide substantial additional source of polluted runoff. Therefore, no impacts would be expected.

(iv) impede or redirect flood flows?

	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

(iv) The proposed project would not impede or redirect flood flow; therefore, no impacts are expected.

d) In flood hazard, tsunami, or seiche zones, risk release of pollutants due to project inundation?

	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

d) The proposed project site is located within Zone X per Federal Emergency Management Agency (FEMA) Map (Panel No. 06025C1725C) and not within a flood hazard, tsunami or seiche zone nor risk release of pollutants due to project inundation. Therefore, no impact are expected.

e) Conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan?

	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

e) The proposed project does not appear to conflict or obstruct implementation of a water quality control plan or a sustainable groundwater management plan. No impacts are expected.

**XI. LAND USE AND PLANNING** *Would the project:*

a) Physically divide an established community?

	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

a) The proposed project will not physically divide an established community; therefore, no impact is expected.

b) Cause a significant environmental impact due to a conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect?

	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

b) The proposed project would not conflict with any land use policy, regulation or zoning adopted for the purpose of avoiding or mitigating an environmental effect; therefore, no impacts are expected.

**XII. MINERAL RESOURCES** *Would the project:*

a) Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?

	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

a) The proposed project will not remove mineral resources on-site; therefore, no impact is expected.

b) Result in the loss of availability of a locally-important mineral resource recovery site delineated on a local general plan,

	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
--	--------------------------	--------------------------	--------------------------	-------------------------------------

Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
--------------------------------------	--	-------------------------------------	----------------

specific plan or other land use plan?

b) The proposed project will not result in the loss of a locally-important mineral resources recovery site as identified in the Imperial County General Plan, Conservation and Open Space Element – Mining Resources; therefore, no impact is expected.

**XIII. NOISE** *Would the project result in:*

a) Generation of a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?

a) The proposed project is to subdivide approximately 9.40 acres into four parcels and is not expected to substantial temporary or permanent increase in ambient noise levels that already exist; therefore, less than significant impacts are expected.

b) Generation of excessive groundborne vibration or groundborne noise levels?

b) The proposed project is not expected to generate excessive gournbourne vibration or ground borne noise levels; therefore, no impacts are expected..

c) For a project located within the vicinity of a private airstrip or an airport land use plan or where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?

c) As mentioned under IX Hazards and Hazardous Material e), above, the proposed project site is located within Zone B-2 and C in the Imperial County Airport Land Use Compatibility Plan, and could have a significant impact to people residing or working in the project area. However, the project could be found consistent with the 1996 Airport Land Use Compatibility Plan with the recordation of an Avigation and Overflight Easement and building requirements; therefore, a less than significant impact would be expected.

**XIV. POPULATION AND HOUSING** *Would the project:*

a) Induce substantial unplanned population growth in an area, either directly (for example, by proposing new homes and business) or indirectly (for example, through extension of roads or other infrastructure)?

a) The proposed project is a non-residential project, and it is not expected to directly or indirectly induce the local population or infrastructure substantially for new homes and/or businesses; therefore, no impacts are expected.

b) Displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere?

b) The proposed project is not expected to displace substantial numbers of exiting housing, necessitating the construction of replacement housing elsewhere; therefore, no impact is expected.

**XV. PUBLIC SERVICES**

a) Would the project result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times or other

Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
--------------------------------------	--	-------------------------------------	----------------

performance objectives for any of the public services:

(a) The proposed project does not proposed any development affecting governmental facilities. There is no impacts.

- 1) Fire Protection?
- 1) The proposed project will not result in substantial adverse impact to fire protection. Therefore, no impacts are expected.
- 2) Police Protection?
- 2) The proposed project will not result in substantial adverse impact to police protection. Therefore, no impacts are expected.
- 3) Schools?
- 3) The proposed project is not expected to result in impacts to schools, therefore, no impacts are expected.
- 4) Parks?
- 4) The proposed project will not result in impacts to parks; therefore, no impacts are expected.
- 5) Other Public Facilities?
- 5) The proposed project is not expected to result in substantial impacts to other public facilities; therefore, no impacts are expected.

**XVI. RECREATION**

- a) Would the project increase the use of the existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?
- a) The proposed project is not expected to impact regional or local recreational facilities, nor would it create substantial physical deterioration of the facilities; therefore, no impacts are expected.
- b) Does the project include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse effect on the environment?
- b) The proposed project does not include the construction of recreational facilities, therefore, there is no impact.

**XVII. TRANSPORTATION** *Would the project:*

- a) Conflict with a program plan, ordinance or policy addressing the circulation system, including transit, roadway, bicycle and pedestrian facilities?
- a) The proposed project is to subdivide an existing parcel into four parcels and is not expected to conflict with a program plan, ordinance or policy addressing the circulation, including transit, roadway, bicycle and pedestrian facilities. Therefore, no impacts are expected.
- b) Would the project conflict or be inconsistent with the CEQA Guidelines section 15064.3, subdivision (b)?
- b) The proposed project does not appear to conflict or be inconsistent with CEQA Guidelines, section 15064.3(b). There are no transit stops within a one-half mile of the proposed project site; however, any road improvements shall be made to the Imperial County Public Works Department requirements. Therefore, no impacts are anticipated.

	Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
c) Substantially increases hazards due to a geometric design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) The proposed project does not appear to substantially increase hazards due to design features or incompatible uses. Additionally, Imperial County Public Works Department will require an encroachment permit, which will address the ingress/egress for the project site. However, any impact would appear to be less than significant.				
d) Result in inadequate emergency access?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
d) The proposed project would not result in inadequate emergency access; therefore, no impact is expected.				

**XVIII. TRIBAL CULTURAL RESOURCES**

a) Would the project cause a substantial adverse change in the significance of a tribal cultural resource, defined in Public Resources Code Section 21074 as either a site, feature, place, cultural landscape that is geographically defined in terms of the size and scope of the landscape, sacred place or object with cultural value to a California Native American tribe, and that is:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
a) The project would not cause an adverse change in the significance of a tribal cultural resource, therefore, any impacts are considered less than significant. Based on Figure 6 Known Areas of Native American Sensitivity of the Conservation and Open Space Element of the Imperial County General Plan, the project site is not located with any sensitive area. Additionally, a letter was sent to the Quechan Indian Tribe and on September 18, 2020 an email was received from the Quechan Indian Tribe stating that they have no comment on the project. However, no impacts are expected.				
(i) Listed or eligible for listing in the California Register of Historical Resources, or in a local register of historical resources as define in Public Resources Code Section 5020.1(k), or	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(i) The proposed project lies within disturbed land and would not be listed or eligible for listing in the California Register of Historical Resources. Therefore, no impacts are expected.				
(ii) A resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of Public Resources Code Section 5024.1. In applying the criteria set forth is subdivision (c) of Public Resource Code Section 5024.1, the lead agency shall consider the significance of the resource to a California Native American Tribe.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
(ii) As mentioned in a) above, a letter was sent to the Quechan Indian Tribe and on September 18, 2020, an email was received from the Quechan Indian Tribe stating that they have no comment on the project.				

**XIX. UTILITIES AND SERVICE SYSTEMS *Would the project:***

a) Require or result in the relocation or construction of new or expanded water, wastewater treatment or stormwater drainage, electric power, natural gas, or telecommunications facilities, the construction of which could cause significant environmental effects?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
a) The proposed project is not expected to require or result in the relocation or construction of new or expand water, wastewater treatment or stormwater drainage, electrical power, natural gas, or				

Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
--------------------------------------	--	-------------------------------------	----------------

telecommunications facility. Therefore, no impacts are expected.

- b) Have sufficient water supplies available to serve the project from existing and reasonably foreseeable future development during normal, dry and multiple dry years?

**b) The proposed project is not expected to exceed the capacity of the current services provider and no new or expanded entitlements are needed. Therefore, no impacts are anticipated.**

- c) Result in a determination by the wastewater treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?

**c) The proposed project is located within disturbed land and does not propose to impact a wastewater treatment provider; therefore, no impacts are expected.**

- d) Generate solid waste in excess of State or local standards, or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals?

**d) The proposed project would not generate solid waste in excess of State or local standards or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals. Therefore, no impacts are expected.**

- e) Comply with federal, state, and local management and reduction statutes and regulations related to solid waste?

**e) The proposed project is to subdivide approximately 9.40 acres into four parcels, and is not expected to generate any solid waste other than cattle manure; therefore, no impact. The applicant shall comply with federal, state and local statutes and regulations related to solid waste. Therefore, no impacts would be expected.**

**XX. WILDFIRE**

If located in or near state responsibility areas or lands classified as very high fire hazard severity zones, would the Project:

- a) Substantially impair an adopted emergency response plan or emergency evacuation plan?

**a) The proposed project is not expected to substantially impair an adopted emergency response plan or emergency evacuation plan. No impacts are anticipated.**

- b) Due to slope, prevailing winds, and other factors, exacerbate wildfire risks, and thereby expose project occupants to pollutant concentrations from a wildfire or the uncontrolled spread of a wildfire?

**b) The proposed project is in a flat topographical area and not within a wildfire area. Therefore, no impacts are anticipated.**

- c) Require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines or other utilities) that may exacerbate fire risk or that may result in temporary or ongoing impacts to the environment?

**c) The project is not located within a very high fire hazard severity zone and will not require infrastructure that may exacerbate fire risk. Therefore, no impacts are anticipated.**

- d) Expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability, or drainage changes?

**d) The project area is in a flat topographical area and would not expose people or structures to risk**

Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
--------------------------------------	--	-------------------------------------	----------------

significant risks due to flooding or landslide as a result of runoff, post-fire slope instability or drainage changes. Therefore, no impacts are anticipated.

*Note: Authority cited: Sections 21083 and 21083.05, Public Resources Code. Reference: Section 65088.4, Gov. Code; Sections 21080(c), 21080.1, 21080.3, 21083, 21083.05, 21083.3, 21093, 21094, 21095, and 21151, Public Resources Code; Sundstrom v. County of Mendocino, (1988) 202 Cal.App.3d 296; Leonoff v. Potentially Significant Impact (PSI)	Potentially Significant Unless Mitigation Incorporated (PSUMI)	Less Than Significant Impact (LTSI)	No Impact (NI)
--------------------------------------	--	-------------------------------------	----------------

**SECTION 3**

**III. MANDATORY FINDINGS OF SIGNIFICANCE**

The following are Mandatory Findings of Significance in accordance with Section 15065 of the CEQA Guidelines.

- |  |                          |                          |                                     |                                     |
|--|--------------------------|--------------------------|-------------------------------------|-------------------------------------|
| <p>a) Does the project have the potential to substantially degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, substantially reduce the number or restrict the range of a rare or endangered plant or animal, eliminate tribal cultural resources or eliminate important examples of the major periods of California history or prehistory?</p> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/>            | <input checked="" type="checkbox"/> |
| <p>b) Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.)</p>  | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/>            |
| <p>c) Does the project have environmental effects, which will cause substantial adverse effects on human beings, either directly or indirectly?</p>  | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/>            |

#### **IV. PERSONS AND ORGANIZATIONS CONSULTED**

This section identifies those persons who prepared or contributed to preparation of this document. This section is prepared in accordance with Section 15129 of the CEQA Guidelines.

##### **A. COUNTY OF IMPERIAL**

- Jim Minnick, Director of Planning & Development Services
- Michael Abraham, AICP, Assistant Director of Planning & Development Services
- Joe Hernandez, Project Planner
- Imperial County Air Pollution Control District
- Department of Public Works
- Fire Department
- Ag Commissioner
- Environmental Health Services
- Sheriff's Office

##### **B. OTHER AGENCIES/ORGANIZATIONS**

- Imperial Irrigation District

**VI. NEGATIVE DECLARATION – County of Imperial**

---

*The following Negative Declaration is being circulated for public review in accordance with the California Environmental Quality Act Section 21091 and 21092 of the Public Resources Code.*

---

**Project Name:** Parcel Map #02488

**Project Applicant:** Jeffrey M. Carter

**Project Location:** The proposed project site is located at 653 W. Belford Road, Imperial CA, described as Lot 35, Imperial Subdivision No. 1 as per Map No. 899 on file in the Office of the County Recorder of Imperial County. The ±9.40 acre parcel is located on Assessor Parcel Number 063-020-002-000.

**Description of Project:** The applicant has submitted Parcel Map #02488 proposing to subdivide approximately 9.40 acres into four parcels for residential development.

**VII. FINDINGS**

This is to advise that the County of Imperial, acting as the lead agency, has conducted an Initial Study to determine if the project may have a significant effect on the environmental and is proposing this Negative Declaration based upon the following findings:

The Initial Study shows that there is no substantial evidence that the project may have a significant effect on the environment and a NEGATIVE DECLARATION will be prepared.

The Initial Study identifies potentially significant effects but:

- (1) Proposals made or agreed to by the applicant before this proposed Mitigated Negative Declaration was released for public review would avoid the effects or mitigate the effects to a point where clearly no significant effects would occur.
- (2) There is no substantial evidence before the agency that the project may have a significant effect on the environment.
- (3) Mitigation measures are required to ensure all potentially significant impacts are reduced to levels of insignificance.

A NEGATIVE DECLARATION will be prepared.

If adopted, the Negative Declaration means that an Environmental Impact Report will not be required. Reasons to support this finding are included in the attached Initial Study. The project file and all related documents are available for review at the County of Imperial, Planning & Development Services Department, 801 Main Street, El Centro, CA 92243 (442) 265-1736.

**NOTICE**

The public is invited to comment on the proposed Negative Declaration during the review period.

12/17/20

Date of Determination

  
Jim Minnick, Director of Planning & Development Services

The Applicant hereby acknowledges and accepts the results of the Environmental Evaluation Committee (EEC) and hereby agrees to implement all Mitigation Measures, if applicable, as outlined in the MMRP.

  
Applicant Signature

12/18/20

Mr. Jim Minnick  
Planning & Development Services Director  
801 Main St.  
El Centro, CA 92243

SUBJECT: Parcel Map (PM) 02488—Jeffrey Carter (4 Parcels)

Dear Mr. Minnick:

The Imperial County Air Pollution Control District ("Air District") thanks you for the opportunity to review the application regarding Parcel Map (PM) 02488 at 653 W. Belford Road in Imperial, California (also identified as Assessor Parcel Number 063-020-002-000). The applicant intends to subdivide the existing vacant lot of 9.40 acres into four (4) parcels of 2.35 acres each.

Upon review, the Air District advises the applicant that since the proposed future use is listed as "residential" future development on any of the parcels will need to adhere to Air District rules and regulations.

The Air District's rule book can be accessed via the internet at <https://apcd.imperialcounty.org>. Click on "Rules & Regulations" on the top of the page. Should you have questions, please call our office at (442) 265-1800.

Sincerely,  
  
Curtis Blondell  
APC Environmental Coordinator

## Project Description

The purpose of this Parcel Map is to divide the existing vacant 9.40 acres parcel into four 2.35 acres lots. The property is located at 673 West Belford Road, in Imperial, CA. The assessor's parcel number is 063-020-002. Once the parcel is divided, the developer wants to construct single family residences ranging between 1,600 square feet to 2,200 square feet. The existing parcel is vacant. The new parcels will be on sewer septic system and canal water.

# TENTATIVE PARCEL MAP No: APN 063-020-002-000

LOT 35 OF IMPERIAL SUBDIVISION NO. 1, AS PER MAP NO.899 ON FILE IN THE OFFICE OF THE COUNTY RECORDER OF SAN DIEGO COUNTY, A COPY OF SAID MAP BEING ON FILE IN THE OFFICE OF THE COUNTY RECORDER OF IMPERIAL COUNTY.
